* Running orders for this competition are based on 2018/2019 Provincial Boulder Rankings. Athletes are ordered from highest ranking to lowest ranking, followed by all competitors without a relevant ranking climbing in random order (see Section 11.10b in our Rules). If competitors have moved up an age category, their ranking from their old category still applies. If competitors are tied with the same ranking, the order between them is randomized. The A/Jr/Open category is considered a single category for the purpose of the running orders. Local 2 Running Orders will be determined first by all competitors with a current Provincial Bouldering Ranking (ie results of Local 1), climbing from highest ranking to lowest, then by all competitors with only a Provincial Bouldering Ranking from last season, climbing from highest ranking to lowest, and then by all competitors without a relevant ranking climbing in random order.
